Artist Statement

The project inspiration came from the concept of the floral line vs. the graphic line.

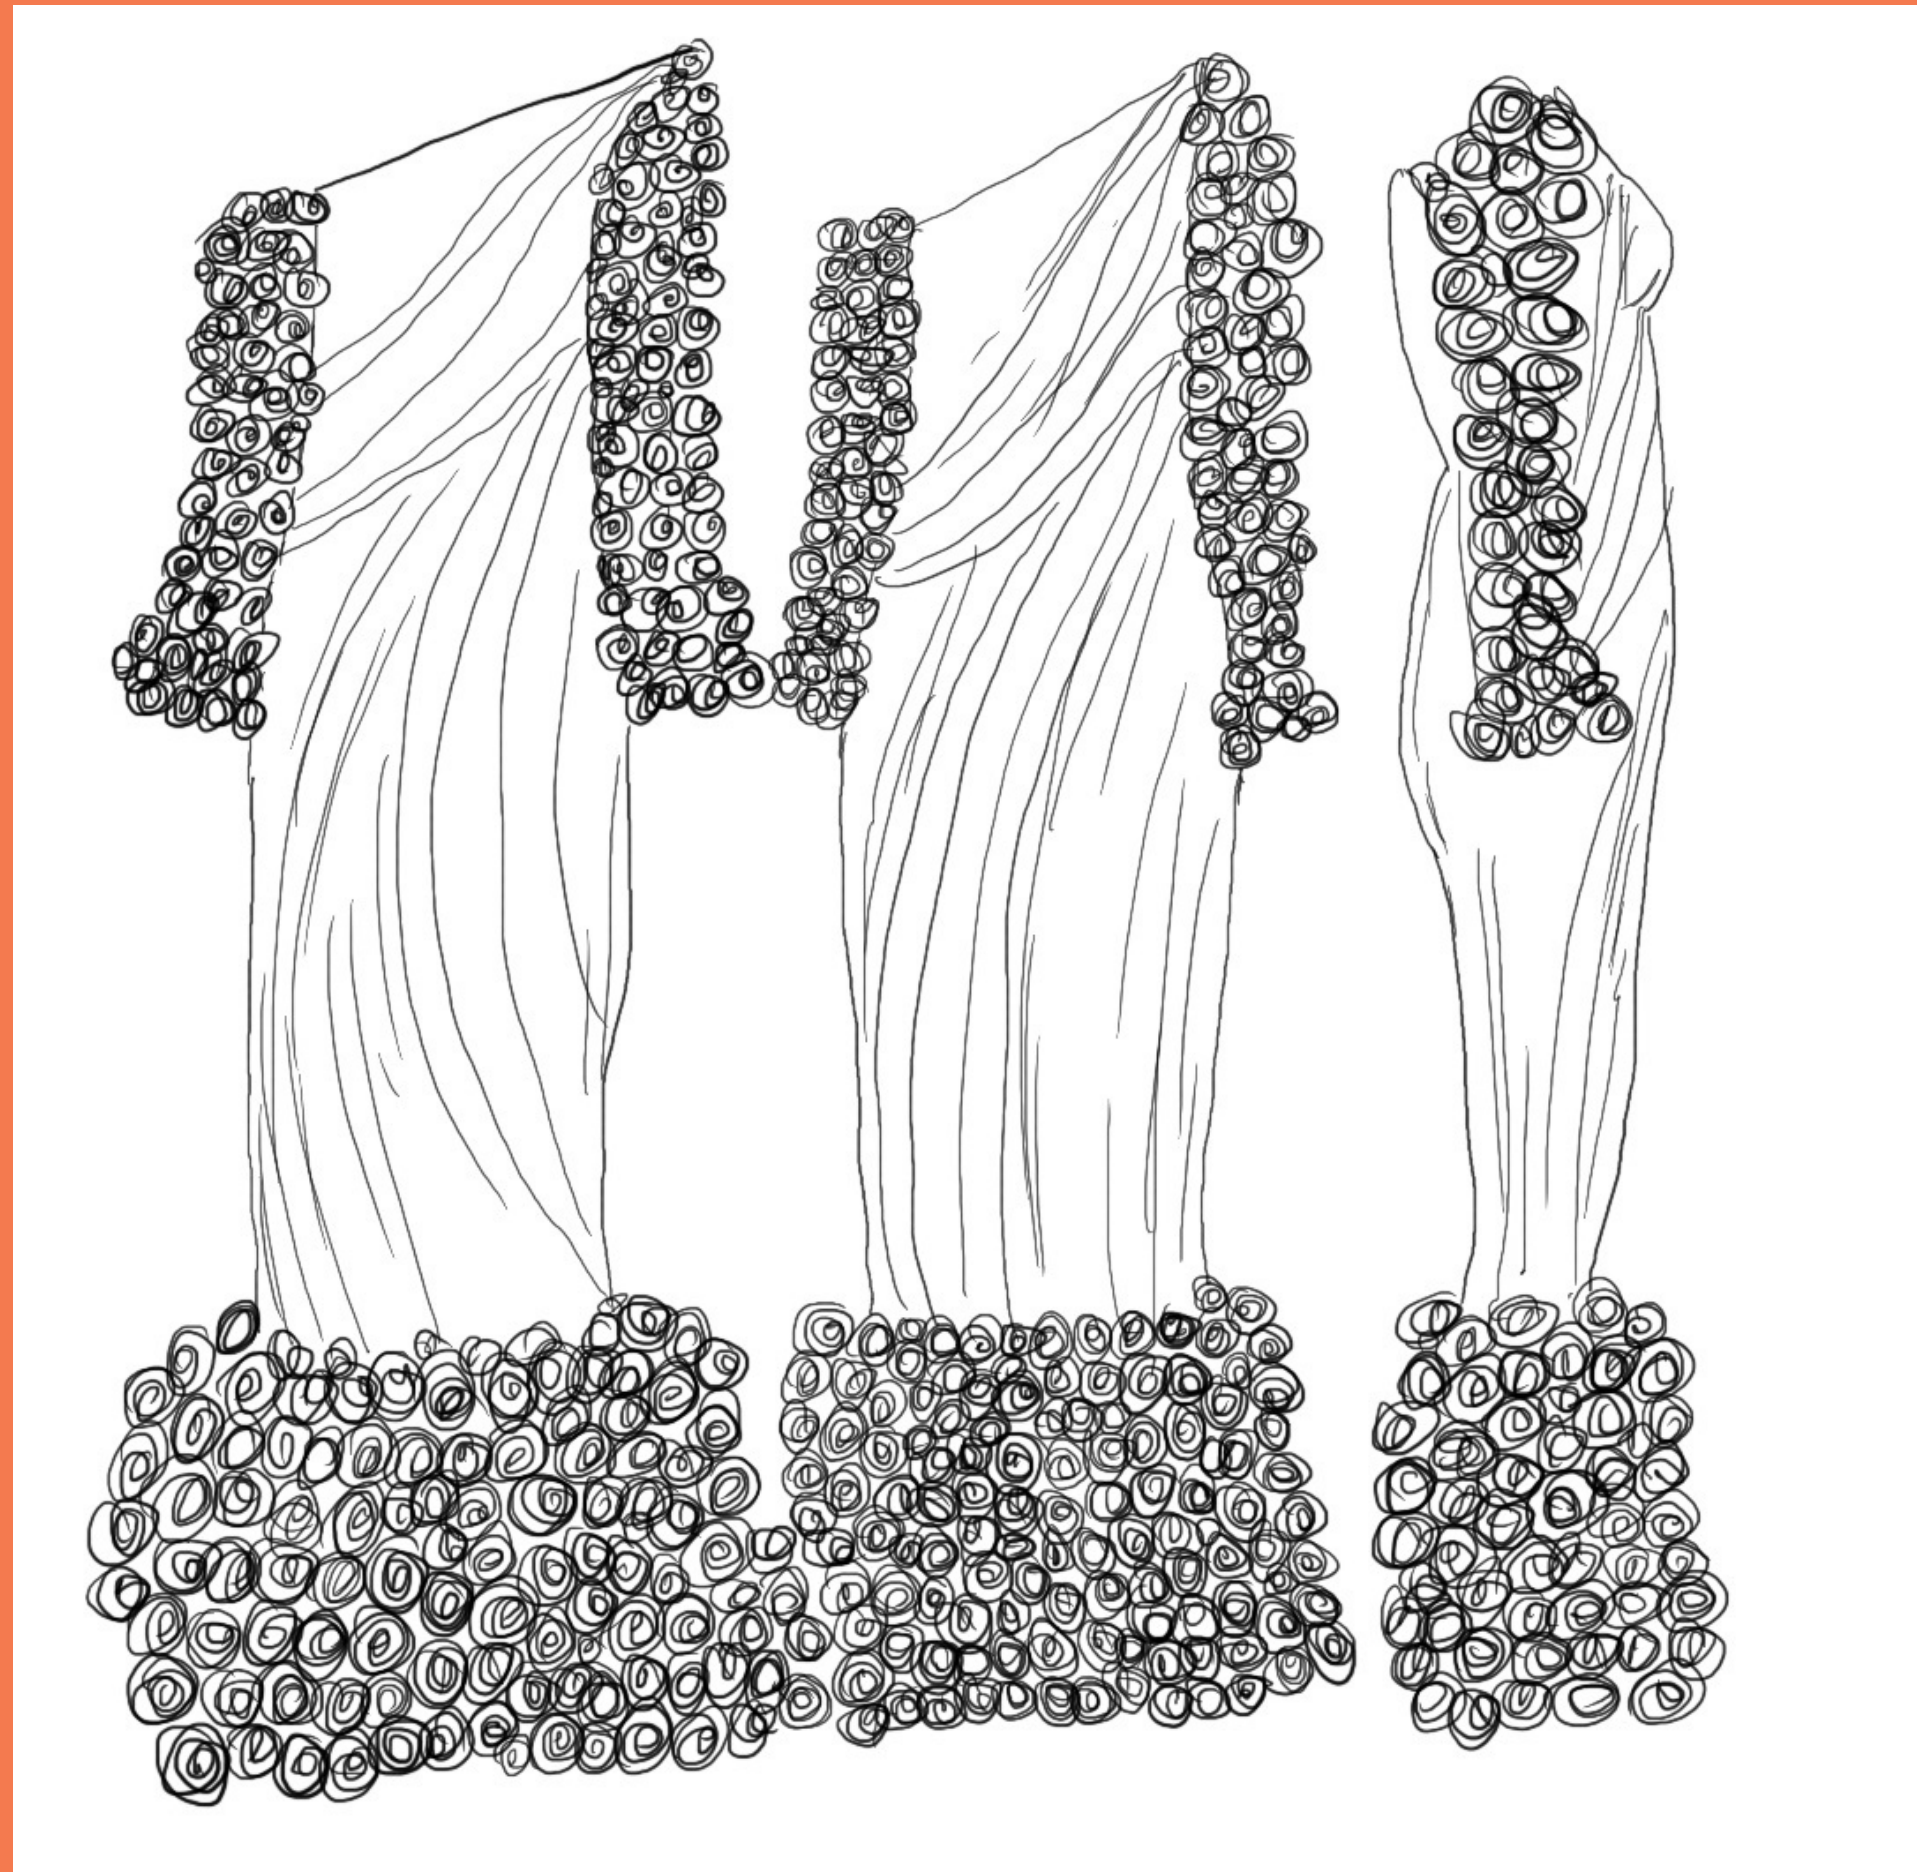

Taking flowers and changing the traditional concept of the clear-cut flower and designing them in a different graphic was the core concept for the garment piece.

Inspiration from garments and colors from the 1960s and 1970s took part in the ideation of the garment. The concept and known slogan of "Flower Power" which was popular in the late 1960s and early 1970s was also a part of the inspiration for the garment. The colors chosen purple and orange have a meaning behind them, the purple signifies royalty and nobility while orange signifies joy and success.
